The US Diet Market Outlook To 2008

Future Profit Opportunities For Low Carb And Other Fast Growth Diets

Executive Summary	12	
The US Diet Market Landscape	12	
Drivers and Dynamics of The Diet Market	13	
The US Diet Consumer	13	
Competitive Analysis of Major Low Carb Brands	14	
Medical & Regulatory Environment	14	
The Future of Low Carb Dieting and Beyond	15	
Low Carb Diet Growth Strategies	16	
Chapter 1	The US Diet Market Landscape	18
Summary		18
Introduction		19
Key findings		19
Dieting in the United States		20
Overview		20
Ever more homogeneous dietary habits and lifestyles		20
Consumer weight profile		21
Consumer health profile		22
Metabolic syndrome		22
Diabetes		22
The cyclical nature of dieting		25
Popular diets by type		25
Low carb diets		26
Low fat diets		27
Other diets		27
Diet support groups		28
Individual Dieting		29
The weight-loss industry		29

Low carb dieting	30
The original low carb diet	31
The Atkins Advantage	31
Consumer segmentations	32
Consumer dietary habits by type	32
Dedicated low carb lifestylers	33
Flexible low carb lifestylers	34
Consumer perception of the low carb lifestyle	35
Conclusions	36

Chapter 2 Drivers and Dynamics of The Diet Market 38

Summary	38
Introduction	38
Key findings	39
Market size	39
Market segments	40
Snacks	40
Soft Drinks	42
Dairy	43
Bakery	45
Confectionery	46
Prepared meals	47
Strengths and weaknesses of the low carb trend	49
The strengths...	49
Manufacturer survival	49
Prevalence of flexible dieters	49
Scientific findings do not refute low carb benefits	50
A new alternative	50
...and the weaknesses	50
Market saturation	50
Potential lack of scientific support	50
Decrease in efficacy and/or success stories	50
Conclusions	51

Chapter 3 The US Diet Consumer 54

Summary	54
Introduction	54
Key findings	55

Consumer profile	55
Segmentation by weight	55
Motivated to get thin	56
Consumer survey	57
Dieting population profile	57
Consumer behavior	59
Willpower diminishes throughout the day	59
Only Low Carb Dieters interested in carbohydrate intake	60
True Low Carb Dieters are few and far between	62
Understanding consumers' food choices	62
Understanding consumers' drink choices	64
Consumer drivers	66
Personal relationships drive consumers' diet choices	66
Taste and price drive the consumer	67
Taste is a barrier for attracting new low carb consumers	69
Conclusions	69

Chapter 4 Competitive Analysis of Major Low Carb Brands 72

Summary	72
Introduction	72
Key findings	73
Manufacturer identification	73
Low carb manufacturers	73
Larger companies weigh in on the low carb trend	74
Competition among low carb manufacturers	76
Changing the landscape of the low carb market	80
Major CPGs manufacturers entering the market: a lesson from organics	81
Low carb new product development: diversifying products	82
Low carb as a scapegoat	82
Case Study: Atkins Nutritionals	83
A history of Atkins Nutritionals	83
Atkins food and drink products	85
Partnerships and the pyramid	86
The future for Atkins	86
Case Study: Keto Foods	87
Reformulating favorite foods	88
Research and development are key business areas	89
Future growth	89
Industry survey	90
The low carb market is an opportunity for growth	90
Manufacturers' forecasts for low carb diets	91

Comparison to the low fat trend	92
Future market drivers	94
Endorsements and brand awareness	96
Drivers contributing to product success	96
The low carb marketplace	97
Price premiums are high	97
Price premiums as a barrier to market growth	99
Low carb ingredients and product formulation	99
Marketing a low carb product	101
Conclusions	101

Chapter 5 Medical & Regulatory Environment 104

Summary	104
Introduction	104
Key findings	105
The science behind dieting	105
The low fat and low carb theories	106
The low fat theory	106
The low carb theory	107
The low fat and low carb trends	108
The low fat trend	108
The low carb trend	109
The glycemic index	109
Low carbohydrate studies	110
Short-term studies	111
Long term studies	113
Government	114
The Food Guide Pyramid	114
Atkins and the Food Pyramid	115
The FDA and nutrition labels	115
Low Carb Claims and Nutrition Labels	118
Regulating organics	119
Conclusions	120

Chapter 6 The Future of Low Carb Dieting and Beyond 122

Summary	122
Introduction	122

Key findings	123
Rapid growth of low carb bakery, snacks and prepared meals	123
The rapid growth of the bakery category	124
Guilt-free snacking	125
Low carb frozen meals will appeal to busy consumers	126
Increased market consolidation	126
Distribution and shelf space	127
Market consolidation	127
The importance of “Buy-in” of Healthful Eaters and healthcare referrals	128
Internalizing the low carb message	128
Medical factors	129
The next “big thing” - five years away	129
Industry and consumer components necessary for significant trends	130
Increased media coverage of low carb weight loss	131
High levels of controversy	132
A charismatic spokesman	134
Development of ingredients and improved product taste	135
A mature food and beverage industry	136
The “coolness” factor	137
The promise of a quick fix	139
Scientific logic that makes sense to the layman	140

Chapter 7 Low Carb Diet Growth Strategies 142

Summary	142
Introduction	142
Key findings	143
Improve the taste, competitiveness and appeal	143
Product formulation and taste	143
Reducing price premiums	144
Target evening eating occasions	145
Brand building and preparation for strategic alliances and acquisitions	145
Small, niche low carb companies	145
Large CPG manufacturers	146
Education through marketing partnerships	146
Create wider appeal through marketing campaigns	146
Partner with healthcare professionals	147
Develop community outreach programs	148
Conclusions	149
