Innovation in Functional Food and Drinks

| | | |
|--|-------------------------|-----------|
| Executive Summary | 12 | |
| Consumer drivers | 12 | |
| Market dynamics | 13 | |
| Key ingredients | 14 | |
| Innovation and NPD in functional brands | 15 | |
| Regulatory trends | 16 | |
| Actionable recommendations | 17 | |
| | | |
| Chapter 1 | Consumer drivers | 20 |
| Summary | | 20 |
| Introduction | | 21 |
| Health overview of consumers | | 21 |
| Heart health and cardiovascular disease | | 21 |
| Gut health | | 24 |
| Bone and joint health | | 25 |
| Osteoporosis | | 25 |
| Arthritis | | 26 |
| Cancer | | 27 |
| Mental health | | 28 |
| Alzheimer's disease | | 28 |
| Stress | | 29 |
| Vision health | | 30 |
| Energy | | 32 |
| The over-the-counter drug market | | 32 |
| Preferences and behaviors of consumers | | 34 |
| Concern for health | | 36 |
| Consumer belief in functional health product efficacy for specific health concerns | | 37 |
| Influence of health benefits on functional purchases | | 38 |
| Consumer health concerns driving purchases of functional health products | | 40 |
| Combining long-term health maintenance with short-term benefits | | 43 |
| Consumers' perceptions of nutrition labeling | | 45 |

| | |
|--|-----------|
| Main drivers and trends | 48 |
| The trend towards health and well-being | 48 |
| An aging population concerned with long-term health and beauty | 50 |

Chapter 2 Market dynamics 52

| | |
|--|-----------|
| Summary | 52 |
| Introduction | 53 |
| Market size | 53 |
| Trends in functional food and drink formulation | 54 |
| Joint ventures for branding purposes | 54 |
| Technological advancements have led to improved taste formulations | 57 |
| Improving bioavailability | 57 |
| Improving formulation | 58 |
| Improving taste and texture | 59 |
| A shift in marketing focus is creating wider appeal | 60 |
| Shifting emphasis to address cultural preferences | 60 |
| Shifting emphasis on health benefits to grow market share | 61 |
| Stricter regulations | 62 |
| Key manufacturers | 63 |
| Manufacturer opinion of the functional food and drinks market | 65 |
| Top categories for functional products | 66 |
| Features of functional products | 66 |
| Manufacturer perceptions of healthy consumers | 67 |
| Growth of on-the-go products and functional staple foods | 67 |
| Manufacturer perceptions of consumer interest vs. consumer purchasing behavior | 68 |
| Manufacturer perception of consumer health activity | 69 |

Chapter 3 Key functional ingredients 76

| | |
|--|-----------|
| Summary | 76 |
| Introduction | 77 |
| Ingredients companies | 77 |
| Suppliers | 78 |
| Full-service providers | 78 |
| Key ingredients in functional food and drinks | 79 |
| Growth of the key ingredients | 81 |
| Antioxidants | 82 |
| Coenzyme Q10 | 84 |
| Lutein | 85 |
| Lycopene | 85 |

| | |
|--|------------|
| Black cohosh | 87 |
| Calcium | 88 |
| Calcium and weight loss | 88 |
| Calcium and heart health | 89 |
| Cocoa flavanols | 90 |
| Fucoidan | 92 |
| Gingko, ginseng and echinacea | 92 |
| Glucosamine | 93 |
| Magnesium | 95 |
| Omega-3/6 and Polyunsaturated Fatty Acids | 95 |
| Pine bark | 97 |
| Probiotics and prebiotics | 97 |
| Soy isoflavones | 99 |
| Lecithin | 100 |
| Whey | 101 |
| Market opportunity of key ingredients | 102 |

Chapter 4 Innovation and NPD in functional brands 108

| | |
|---|------------|
| Summary | 108 |
| Introduction | 109 |
| Innovation in functional ingredients | 109 |
| Innovation in functional food and drinks | 111 |
| Innovation in formulation | 111 |
| Soft drinks with higher level functional benefits | 112 |
| Innovation in formulation for probiotic drinks | 113 |
| Innovation in packaging | 114 |
| Growth of the functional categories | 115 |
| Dairy | 116 |
| Bakery and cereals | 119 |
| Snacks | 121 |
| Ready meals | 122 |
| Soft drinks | 124 |
| Hot drinks | 127 |
| Functional alcoholic drinks | 129 |
| Delivery systems | 130 |
| Foods and drinks | 130 |
| Other delivery methods | 131 |
| Gums and sweets | 131 |
| Oral strips | 132 |
| Tinctures and drops | 133 |
| Oral sprays and mists | 133 |
| Nutrient patches | 133 |

Chapter 5 Opportunities and threats in regulation 136

| | |
|--|------------|
| Summary | 136 |
| Introduction | 136 |
| Regulatory trends in the US | 137 |
| The Consumer Information for Better Nutrition Initiative | 138 |
| Opportunities | 140 |
| Threats | 142 |
| The Bioterrorism Act of 2002 | 143 |
| Issues with the regulation | 143 |
| Good Manufacturing Practices | 144 |
| Threats of the GMP regulation | 145 |
| The Dietary Supplements Safety Act (Bill S.722) | 146 |
| Japan | 147 |
| Opportunities | 148 |
| Costs of FOSHU approval | 149 |
| Europe | 150 |
| Threats | 152 |
| Opportunities | 153 |
| Other regulations | 154 |
| Canada | 154 |
| South America | 155 |
| Australia | 155 |
| Conclusions | 156 |

Chapter 6 Actionable recommendations 158

| | |
|--|------------|
| Summary | 158 |
| Introduction | 158 |
| Marketing the functionality | 159 |
| Broadening the target audience for functional ingredients | 161 |
| Men | 162 |
| Families | 162 |
| Younger consumers | 163 |
| Targeting both younger and elderly consumers | 164 |
| Find the right functional supplier | 165 |
| Convenient functional foods | 166 |
| Five key elements to creating a successful functional staple food | 168 |
| An availability identical to regular products | 168 |
| Finding the right partner/supplier | 168 |
| A clear, non-threatening benefit | 169 |

| | |
|--|------------|
| Benefit specificity for the target group | 170 |
| “Own” the benefit | 170 |
| Appendix | 172 |
| Definitions | 172 |
| Index | 175 |

List of Figures

| | | |
|--------------|---|-----|
| Figure 1.1: | Influence of health benefits on functional purchases, Instant Gratifiers vs. all respondents, % respondents answering “strong” or “quite strong” | 39 |
| Figure 1.2: | Active engagement in improving external well-being by segment, % respondents answering “very” or “quite” engaged | 40 |
| Figure 1.3: | Frequency purchase of functional health products, Instant Gratifiers vs. all respondents, % respondents answering “frequent” or “sometimes” | 42 |
| Figure 1.4: | Percentage of interviewees wanting nutritional information on the label in each country | 45 |
| Figure 1.5: | Consumers’ awareness of nutritional information | 46 |
| Figure 1.6: | Consumers’ trust in nutritional claims | 47 |
| Figure 1.7: | Would the claim ‘rich in calcium’ lead you to buy the product? | 48 |
| Figure 1.8: | Top health concerns, % respondents | 49 |
| Figure 2.9: | 8th Continent Light Soymilk | 56 |
| Figure 2.10: | Importance of functional categories, 2005-2008, “very” or “quite” important, % respondents | 66 |
| Figure 2.11: | Health benefits driving the functional health industry, 2005-2008, % respondents answering “strongly” | 67 |
| Figure 2.12: | Manufacturer perceptions of consumer interest vs. consumer purchasing behavior, % respondents answering “strongly interested” and “frequently purchase” | 69 |
| Figure 2.13: | Manufacturer perception of consumer health activity, % respondents | 70 |
| Figure 2.14: | Consumer health activity, % respondents answering “very engaged” and “engaged” | 71 |
| Figure 3.15: | Suppliers and full-service providers | 77 |
| Figure 3.16: | Popularity and market opportunity of key ingredients in the US, Europe & Japan | 81 |
| Figure 3.17: | % growth in terms of product launches of the key ingredients, 2003-2005 | 82 |
| Figure 3.18: | POM Wonderful 100% Pomegranate Juice | 83 |
| Figure 3.19: | Eclectic Organic Water | 88 |
| Figure 3.20: | CocoaVia Chocolate Chew | 91 |
| Figure 3.21: | Joint Juice Glucosamine Dietary Supplement | 94 |
| Figure 3.22: | Well & Active Probiotische Molke Drink | 99 |
| Figure 3.23: | Market opportunity of key ingredients, importance vs. application | 103 |
| Figure 3.24: | Market opportunity of key ingredients, current market value vs. potential market value | 105 |
| Figure 4.25: | Innovation in functional ingredients, 2003-2005 | 109 |
| Figure 4.26: | Innovation vs. growth of product launches containing key ingredients | 110 |
| Figure 4.27: | Zeria Chondrobi Noshuku Eki Junko | 112 |
| Figure 4.28: | Defense Effervescent Supplement Drink | 114 |
| Figure 4.29: | % growth of functional categories in terms of new product launches, 2001-2005 | 115 |
| Figure 4.30: | % of dairy product launches with functional benefits, 2001-2005 | 117 |
| Figure 4.31: | Becel Pro-Activ Diat-Joghurtdrink - Original | 118 |
| Figure 4.32: | Bravo! Pro Slammers Milk | 118 |
| Figure 4.33: | % of bakery and cereals product launches with functional benefits, 2001-2005 | 119 |

| | | |
|--------------|---|-----|
| Figure 4.34: | Sara Lee Whole Grain White Bread | 120 |
| Figure 4.35: | % of snacks product launches with functional benefits, 2001-2005 | 121 |
| Figure 4.36: | Lowell Sweets SesaKiss Sesame Seed Snack Bar | 122 |
| Figure 4.37: | % of ready meals product launches with functional benefits, 2001-2005 | 123 |
| Figure 4.38: | Findus Feeling Great! Spansk Laxpasta | 124 |
| Figure 4.39: | % of soft drinks product launches with functional benefits, 2001-2005 | 124 |
| Figure 4.40: | Powerade Power Option | 125 |
| Figure 4.41: | Coca-Cola Soft Drink - Furusato Dayori Kishu-San Ume no Tansan | 126 |
| Figure 4.42: | % of hot drinks product launches with functional benefits, 2001-2005 | 127 |
| Figure 4.43: | Rest Health Brown Green Tea Drink | 128 |
| Figure 4.44: | Suntory Cocktail - Macadia Sparkling | 129 |
| Figure 4.45: | Consumer interest in delivery methods for functional health products, % respondents answering “very” or “moderately” interested | 131 |
| Figure 5.46: | Manufacturer perception of regulatory effects on industry, % respondents answering “very strong” or “strong” | 138 |
| Figure 5.47: | The FOSHU logo | 148 |
| Figure 6.48: | General Mills heart healthy symbols | 160 |
| Figure 6.49: | Consumer appeal of functional food and drinks | 161 |
| Figure 6.50: | Oscar Mayer Lunchables Fun Fuel Lunch Combinations | 163 |
| Figure 6.51: | Examples of high and low level convenience | 167 |
| Figure 6.52: | Key elements to creating a successful functional food or drink | 169 |
